A secured loan is a loan in which the borrower pledges some asset (e.g. a car or house) as collateral.. A mortgage loan is a very common type of loan, used by many individuals to purchase residential property. The lender, usually a financial institution, is given security • a lien on the title to the property • until the mortgage is paid off in full.

Asset-based lending is any kind of lending secured by an asset.This means, if the loan is not repaid, the asset is taken. In this sense, a mortgage is an example of an asset-based loan. More commonly however, the phrase is used to describe lending to business and large corporations using assets not normally used in other loans. Typically, these loans are tied to inventory, accounts receivable ...
