What are Publications? A numbered UGA Extension publication has been peer reviewed, has enough substance to stand on its own, and is written to be used and understood by the public.

### **Publications | UGA Cooperative Extension**

Organic reactions are chemical reactions involving organic compounds. The basic organic chemistry reaction types are addition reactions, elimination reactions, substitution reactions, pericyclic reactions, rearrangement reactions, photochemical reactions and redox reactions. In organic synthesis, organic reactions are used in the construction of new organic molecules.
