Humour (British English), also known as humor (American English; see spelling differences) is the tendency of experiences to provoke laughter and provide amusement. The term derives from the humoral medicine of the ancient Greeks, which taught that the balance of fluids in the human body, known as humours (Latin: humor, "body fluid"), controlled human health and emotion.

### **Humour - Wikipedia**

Humorous Phases of Funny Faces is a 1906 short silent animated cartoon directed by James Stuart Blackton and generally regarded by film historians as the first animated film recorded on standard picture film.
