The European Union: Ongoing Challenges and Future Prospects Congressional Research Service Summary  
The European Union (EU) is a unique partnership in which member states have pooled sovereignty in certain policy areas and harmonized laws on a wide range of economic and political issues.

### **The European Union: Ongoing Challenges and Future Prospects**

All of these changes should be adopted by infrastructure managers from the start of the 2019 timetable, in line with the European Handbook for International Contingency Management.

### **Rastatt one-year on: Changes and further challenges**

through to become established global players. Just as many companies based in South Korea and Japan are now firmly global, so too will today's RDEs produce future global leaders. Indeed, the RDEs themselves possess characteristics that constitute particularly powerful platforms for the creation and development of future global companies.
