The middlegame is the main stage of the game. Studying this part of chess is essential to understanding concepts such as weak squares, a strong center, open files, the art of exchanging pieces, etc. One has to be aware of how to evaluate the position and create a plan.

Must-know: Middlegame - Chess.com - Free Games

The Middle Game in Chess by Reuben Fine lists three major factors in the middlegame: king safety, force and mobility, although not all of these factors are of equal importance. If king safety is a serious issue, a well-executed attack on the king can render other considerations, including material advantages, irrelevant.
